

OPEN AIR INTERNATIONAL RECIPROCATION

This booklet lists UK Artistic Companies that Out There Arts suggest are suitable for consideration by international programmers.

This is not an exhaustive list of UK companies or their work. Additionally, many of these companies already showcase work internationally.

It is a dynamic and developing list over the next three years as part of this international reciprocation project: Open Air.

Open Air focuses on the international exchange of world-class outdoor arts. It is a three-year project spearheaded by the FRESH STREET #5k. Over the three years we hope to create an international and UK reciprocal exchange network that revitalises the exchange of world-class, tourable, quality outdoor work and innovates the outdoor arts as an effective means to engage with communities.
