TEMPORARY ROAD CLOSURE

There will be a temporary road closure in your area on **Tuesday 17 February from 10am - 6pm, and will concern 128 - 145 King Street.**

Any vehicles wanting to travel on the affected road during the temporary road closure will have to use the diversion going along Yarmouth Way, then South Quay and up Nottingham Way to get back onto King Street. Parking your vehicle in an alternative area is advised, especially if need to access to your vehicle during the temporary road closure.

Out There Arts will be working with Discreet Security and their CSAS Traffic Officers to monitor and manage the road closure. In case of emergencies, the road closure will be lifted to grant access to emergency vehicles. As mentioned parked vehicles with the space will be encouraged to find alternative parking, and if wanting to move during the road closure, the vehicle will need to be guided out by CSAS Traffic Officers, to ensure public safety.

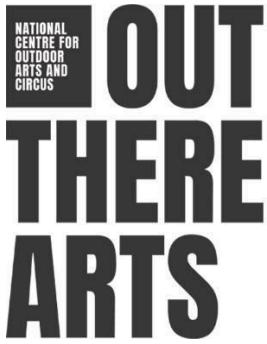

For businesses expecting deliveries between 10am - 6pm, on 128 - 145 King Street, please do get in touch with us, as we will coordinate with you to help minimise the disruption. For residents requiring pick-up and drop-offs within the road closure area, we advise that you make alternative arrangements, by having the pick-up and drop-off point outside of the road closure area. If accessibility is an issue, please get in touch with us so we can safely coordinate arrangements with you.

We apologise in advance for any inconvenience caused by the temporary road closure and thank you for your patience and co-operation in this matter. If you need assistance in finding an alternate parking location, please get in touch and we would be happy to assist.

COMMUNITY PARADE, TUESDAY 17TH FEBRUARY 2023, 3PM – 3:30PM

The community parade will start congregating outside the Drill House (York Road) at 3pm. The parade will process north, and then east, taking a left on Dene Side heading to St George's Plaza, then crossing the plaza onto King Street, going west taking a right until the King Street and York Road junction, here the parade will go south back to the Drill House.

The parade will move at a walking pace, covering 400m, with an expected participant/audience number between 100-150 people, it will take an estimated 30 minutes to complete.
